Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience..Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch.. "Well, you ought to be," Grace said, taking her pies out to the Suburban that Wally had bought solely for this enterprise.. He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening.. No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2.. Shaking off this peculiar case of the spooks, Barty proceeded toward the stairs. Just when he reached the newel post, he heard the faint creak of the marker floorboard behind him.. She shook her head. "No way back." She pointed to the sketch pad on the floor. "I pushed him there." Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we

women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." And God has four hundred billion billion fingers, and He plays a really hot version of "Hawaiian Holiday." He's an attorney, and this grieving husband comes to him with a big liability case. There's money to be made." Over potato soup and an asparagus salad, the dinner conversation got off to a promising start: a discussion of favorite potato dishes, observations on the weather, talk of Mexico at Christmas. As beautiful as they were, none of these women satisfied him as profoundly as Naomi had satisfied him. He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psycho moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house. By the time Junior passed the three offices and found the men's room, Neddy had occupied it. The door was locked, which must mean this was a single-occupant john. "And, of course, you'll need to make arrangements for the body," said Dr. Lipscomb. "Sister Josephina will provide you with a room, a phone, privacy, whatever you need, and for however long you need." Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble." Incredibly, Renee came after him, slinky and seductive, trying to calm him and lure him back into an embrace. "A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea." The infant's smile was so captivating and his puzzlement so comically earnest that both expressions worked on Agnes's misery as surely as yeast leavens dough. Her bitter tears turned sweet. Carrying the candlestick, he raced to the kitchen at the end of the short hall. The door stood open, but he had to enter the room to see Victoria slumped in one of the two chairs at the small dinette. Martinis were ordered all around. None here observed a vow of absolute sobriety. When he reached the Suburban and closed his right hand around the handle on the driver's door, he felt something peculiar against his palm. A small, cold object balanced there. He used the kitchen phone, at the corner secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired. Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles. Rearview mirror was not hung with one of those tacky decorative deodorizers. The seats, regularly treated with leather soap, were softer and more supple than they had been when the car had shipped out of Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary title earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials. Uncommon dexterity is essential for anyone who hopes to become a highly skilled card mechanic, but it is not the sole requirement. A capacity to endure grim tedium while engaging in thousands of hours of patient practice is equally important. The finest card mechanics also exhibit complex memory function of a breadth and depth that the average person would find extraordinary. The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number. NOLLY SAT BEHIND his desk, suit jacket draped over the back of the chair, porkpie hat still squarely on his head, where it remained at virtually all times except when he was sleeping, showering, dining in a restaurant, or making love. Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable. Glaring and red-faced, lowering his voice almost to a whisper, Neddy said, "I'm sorry, but you've got me all wrong. I'm not like Renee and you." Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady Reverend Collins told me about." If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina. To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner*. Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing. This was pathetic. Only thickheaded fools, unschooled and unworldly, would be shaken into confession by ham-handed tactics like these. As they dropped toward the surgical floor, the solemn sister said, "Another hypertensive crisis. Glorifying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him. Junior was starving, but he didn't trust his bowels enough to risk dinner in a restaurant. The affliction seemed to have passed, but it might recur when he had food in his system again. Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world. Gifted with unusual powers of visual observation, the girl was quick to notice the slightest changes in her world. The sparkling engagement ring on Celestina's left hand had not escaped her notice. Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed. Remember the beauty of rage. Channel the anger and be a winner. Act now, think later. Young boys, however, are not moved

by scenery, especially not when their hearts are adventuring on Mars..Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual..Edom's twin, Jacob, who had never held a job, lived in the second apartment. He'd been there since graduating from high school..Through miles of worry, natural beauty, imagined omens, and the iron-red sands of Mars, they drove at last to Franklin Chan's offices in Newport Beach..He knew for a fact that Seraphim had died in childbirth. He had seen the gathering of Negroes at her funeral in the cemetery, the day of Naomi's burial. He had heard Max Bellini's message on the maniac cop's Ansaphone..Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun..A door slammed, and after the briefest of internal debates about whether to ize or act, Junior left Ichabod straddling the threshold. He must get to Celestina before she reached a telephone, and then he could come back and finish moving the body..Reaching between the slats, Agnes tickled the pink piggies on his left foot. "Toes." .On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a ea woman..Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes.
