Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy..Harrison was a Baptist, Vanadium a Catholic, and although they approached the same faith from different angles, they weren't

coming to it from different planets, which was the feeling Vanadium had been left with following their conversation. It was true that Enoch Cain could never be brought successfully to trial for the rape of Phimie, subsequent to her death and in the absence of her testimony. And it was also uncomfortably true that exploring the possibility that Cain was the rapist would tear open the wounds in the hearts of everyone in the White family, to no useful effect. Nevertheless, to rely on divine justice alone seemed naive, if not morally questionable. As one, those around the table raised their eyes to the ceiling and smiled at the sound of the downpour. Barty, with patches over his empty sockets, also looked up with a smile. Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible. Kathleen hadn't noticed Tom replace his glass on the table, over the quarter. When he lifted it to drain the last of the martini, two dimes and a nickel glittered on the tablecloth, where previously the quarter had been. The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians. "You remember things?" the girl asked, her fingertips still pressed lightly to his cheek. A sedan had come to a stop in the graveled driveway, over to the right of the house, almost out of view. As Junior watched, the headlights were doused. The engine shut off. The driver's door opened. A man got out of the car, a shadowy figure in the fearsome yellow moonlight. The dinner guest. She switched off the hall light and stood at the half-open door, listening, waiting. Leaving Spruce Hills, Junior thought he was putting distance between himself and his enigmatic enemy, gaining time to study the county phone directory and to plan his continuing search if that avenue of investigation brought him no success. Instead, he had walked right into his adversary's lair. Instead of staring at Barty directly, he watched Angel as she studied the eyeless boy. She had exhibited no horror at the concave slackness of his closed lids, and when one lid fluttered up to reveal the dark hollow socket, she hadn't shown any revulsion. Now she moved closer to Barty's chair, and when she touched his cheek, just below his missing left eye, the boy didn't flinch in surprise. This didn't work for Junior. Strangely, when he focused on a mental image of any fruit-apple, peach, banana-his thoughts drifted to sex. He became aroused and had no hope of clearing his mind. almost recoiled in disgust. She held the newborn so that its mother could look into. He knew that the only movement in those staring, sightless eyes was the restless reflection of the flashlight beam as he probed the trash with it. He knew he was being irrational, but nevertheless he was reluctant to turn his back on the corpse. Repeatedly in the midst of searching, he snapped his head up, whipping his attention to Neddy, certain that from the corner of his eye, he had seen the dead gaze following him. From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side. On the counter beside the bathroom sink stood an open box of BandAids in a variety of sizes, a bottle of rubbing alcohol, and a bottle of iodine. Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock that bears garnets. All under this part of the city is that rock. I don't know the names." Pain again, but not a mere contraction. Such an excruciation, unendurable. The hobnailed wheels ground through her once more, as though she were being broken on a medieval torture device. By the time his ferocious in-laws had finished with him, Junior would have won the sympathy of Knacker, Hisscus, Nork, and everyone else who might have harbored doubts about his role in Naomi's demise. Perhaps even Thomas Vanadium would find his suspicion worn away. A residual tension drained out of Junior. He was somewhat surprised that he had still been concerned about the song. He had met her in a university adult-extension course titled "Increasing Self-Esteem Through Controlled Screaming." Participants were taught to identify harmful repressed emotions and dissipate them through the authentic vocal imitations of a variety of animals. Returning his attention to his own shoes, Jacob said, "So ... what am I supposed to do about this?" "Nonsense," Agnes breezed on, "it's no imposition. You'll be a great help with my baking, the pie deliveries, all the work that I put aside during Barty's surgery and recovery. It'll either be fun, or I'll wear you down to the bone, but either way, you won't be bored. I've got two extra rooms. One for Celie and Angel, and one for Grace. When your Wally arrives, we can move Angel in with Grace, or she can bunk with me." Because the tower stood on a ridgeline that marked the divide between county and state property, most of the attending constabulary were county deputies, but two state troopers were present, as well. Saturday morning, he walked to a drugstore in town and purchased eight decks of cards. With four, he passed the day re-creating, again and again, what he'd done at the dining-room table the previous evening. The four knaves never appeared. They were as gracious as any people he had ever met, but they also seemed genuinely interested in his story. He wasn't surprised that. After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction. In his masterpiece The Beauty of Rage: Channel Your Anger and Be a Winner, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation. Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table. "She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone."
