Leaving the children under the tree, Tom returned to the house to phone the police..Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one..He went upstairs to change out of his dark blue suit and badly scuffed black shoes..Junior wasn't interested in Vietnam anymore, and he wasn't in the least troubled by the other news. These two years were disturbing to him only because of Thomas Vanadium..Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations..The sound made by the dropping corpse indicated that cushioning trash lined the bottom of the bin, and also that it was no more than half full. This improved chances that Neddy wouldn't be discovered until a dump truck tumbled him into a landfill-and even then perhaps no eyes would alight upon him again except those of hungry rats..He stopped for lunch at a restaurant with a spectacular view of the Pacific, framed by massive pines..No time for horror, disgust. Every second mattered now, and every minute might cost another life.. "No. But I'm sure as can be, the kid is better off undiscovered by

the likes of him." The odds against this phenomenal eleven-card draw must be millions to one, which seemed to give the predictions validity. Junior didn't make the mistake of thinking that Magusson's new conciliatory attitude meant they were friends, that confidences could be shared or truths exchanged. The money-grubbing toad's only real friend would always be the one he saw in a mirror. If he discovered that Junior was having a great time post-Naomi, Magusson would store the information until he found a way to use it to his advantage. On January 2, 1968, four days before his birthday, Bartholomew Lampion gave up his eyes that he might live, and accepted a life of blindness with no hope of bathing in light again until, in his good time, he left this world for a better one. In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water. Rescuers encouraged her to move safely away from the passenger's door, as far as possible, to avoid being inadvertently injured as they tried to break in to her. She could go nowhere but to her dead husband. He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone. "In addition to that policy," said Vinnie, "there's another. . . --he filled his lungs, hesitated, then exhaled the air and the sum with a tremor---seven hundred fifty thousand. Three-quarters of a million dollars." After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain. The ninth piece was not art, certainly not a work by Griskin, and could disturb no one half as much as it rattled Junior. Upon a black pedestal stood a pewter candlestick identical to the one that had cracked the skull of Thomas Vanadium and had added dimension to the cop's previously pan-flat face. Wait here in the car. Give them time to settle down. At this hour, they would put the kid to bed first. Then Ichabod and Celestina would go to their room, undress for the night. The gas oven might blow up in his face, at last bringing him peace, but if it didn't, he would at least have cookies for Agnes. As though stirred by static electricity, the fine hairs on the backs of Tom's hands quivered, and a current of expectation coursed through him. MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold. One of his favorite gifts for Christmas 1967 was a twelve-hole chromatic harmonica with forty-eight reeds providing a full three-octave range. Even in his little hands, and with the limitations of his small mouth, this more sophisticated instrument enabled him to produce full-bodied versions of any song that appealed to him. . . being careful to place the point of impact precisely where the bottle had struck her. For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there. Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby." Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either. In his mind's eye, he saw the answering machine with uncanny clarity. That curious gadget. Sitting atop the scarred pine desk. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker. She was a duplicitous bitch, too. After coming on to him, after teasing a reaction out of him, she had run off and gossiped about him as though he had instigated the seduction. Worse, to make herself feel important, she had told the police her skewed version, surely with much colorful embellishment. This was different earthquake weather from that of ten days ago, when he'd made the pie deliveries alone. Then: blue sky, unseasonable warmth, low humidity. Now: low gray clouds, cool air, high humidity. Although not quite as young as Bavo! Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous. "Who...who're you?" Junior rasped, still badly rattled by the nightmare and by Vanadium's presence, but quick-witted enough to stay within the clueless character that he had been playing. As they rolled along the coast, Agnes began to read to Barty from Podkayne of Mars: "All my life I've wanted to go to Earth. Not to live, of course--just to see it. As everybody knows, Terra is a wonderful place to visit but not to live. Not truly suited to human habitation." In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box. A lamp with a fringed silk shade spread small feathery wings of golden light over one corner of the living room. On the coffee table were three decorative blown-glass oil lamps, ashimmer. After a while, Franklin Chan asked, "Do you want me with you when you tell him?" Dropped cartridges gleamed on the carpet. Stoop to snatch them up? No. That was asking for a skull-cracking blow. She hadn't looked up from her sketching. Although Junior thought she hadn't seen him, she'd apparently been aware of him all along. Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him. Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally. The old man assumed the solemn and knowing expression of one guarding mysteries, a sphinx without headdress and mane. "If I told you, dear lady, it wouldn't be magic anymore. Merely a trick." ONWARD THROUGH THIS Monday, January 17, this momentous day, when the ending of one thing is the beginning of another. Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience. The paramedic pumped the inflation cuff of the sphygmomanometer, and Junior's blood pressure was most likely high enough to induce a stroke, driven skyward by the thought that Naomi's love had been a lie.
