"Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds..In his seventies but vigorous and full of fun, Sparky liked to take an occasional jaunt to Reno, to pump the slot machines and try a few hands of blackjack. The off-the-record, tax-free monthly checks from Simon were gratefully received, ensuring the old man's cooperation with the conspiracy..He had the capacity to be exceptional at anything to which he applied himself. Bob Chicane had been right about that: Junior was far more intense than other men, possessed of greater gifts and the energy to use them..Because of his blindness and his intellectual gifts, Barty was home schooled; besides, no teacher was a match for his autodidactic skills, nor could anyone possibly inspire in him a greater thirst for knowledge than the one with which he had been born. Angel went to this same informal classroom, and her sole fellow student was also her teacher. They aced the periodic equivalency tests that the law required. Their constant companionship seemed to be all play, yet was filled with constant learning, too..A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant..done with it at last, he opens his mouth, lets the roses be shoved in, the bitter green taste of the juice crushed from..She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know."..At 3:22 in the morning, December 13, following a busy day of conducting ghost research, seeking Bartholomeus in a telephone book, and working on his needlepoint, Junior awakened to singing. A single voice. No instrumental accompaniment. A woman..She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty."..Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five..As Sinatra began to sing "I'll Be Seeing You," Junior stepped around the bloom and the Merlot. He cautiously peeled back two inches of the curtain at one of the sidelights..He slept outdoors rarely and otherwise stayed in inexpensive motels, boardinghouses, and YMCAs..Junior wanted to kill her. Kill him. Whatever. But he sensed that Renee knew more than a little about dirty fighting and that the outcome of a violent confrontation would not be easy to predict..Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale-from theater fires to all-out nuclear war-he had a flamboyant imagination second to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes..He had sworn this vow before. An argument could be made that he had broken it..Agnes's contractions were getting more frequent and slightly more severe, so she said, "All right, but let me go tell Edom and Jacob that we're leaving."..Celestina wanted nothing to do with it, was offended by the very sight of it, and she..Tom didn't understand Edom's comment or the smiles that it drew, but otherwise, he was impressed by the ease with which these people absorbed what he had said and by the imagination with which they began to expand upon his speculation. It was almost as though they had long known the shape of what he'd told them and that he was only filling in a few confirming details..unwittingly oversell any strong reaction, striking a false note and raising suspicions..Freed for the moment from the need to be strong for her sleeping Angel or for Wally, Celestina turned to Tom Vanadium, saw in his gray eyes both the sorrow of the world and a hope to match her own, saw in his ruined face the promise of triumph over evil, leaned against him for support, and finally dared to cry.."Well, Uncle Jacob doesn't understand kids. Anyway, this is pretty good stuff."..Junior intended to pack only a single bag, leaving most of his clothes behind. He could afford a fine new wardrobe..Alarm contacts gleamed in the header, but the system wasn't currently activated.."I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher."..The receptionist, Rebecca, had stayed late, just to keep company with Barty in the waiting room. As she settled into a chair beside the boy, he asked her if she knew what gravity was on Mars, and when she confessed ignorance, he said, "Only thirty-seven percent what it is here. You can really jump on Mars."..against the operating table. The lights had grown painfully bright, and the air had..He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing..One, two, three, four-Edom took away all the remaining pies. He pointed at Barty and then at the empty table..Suddenly and seriously crept out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination..When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before..He slid his chair sideways to the secretary and leaned forward with the gun in both hands..IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway..LEFT HAND ON the banister, right hand with knife tucked close to his side and ready to thrust, Tom Vanadium climbed cautiously but quickly to the upper floor, glancing back twice to be sure that Cain didn't slip in behind him..The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release.."I can't."..After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction..Later, at home, after Agnes sent Edom back to his apartment, she opened a bottle of vodka that she had bought on the way back from Maria's. She mixed it with orange juice in a waterglass..He got everything he ordered-full value, and more. When he lifted off the top of the bun to squeeze mustard onto the burger, he discovered a shiny quarter pressed into the half-melted cheese..Maria, however, lived comfortably with both the Catholicism and the occultism in which she had been raised. In Hermosillo, Mexico, the latter had been nearly as important to the spiritual life of her family as had been the former..And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb?..Tom pointed to the nearly finished martini that stood on the table before him. Balanced on the thin rim of the glass: impossibly, precariously--the coin.."Agnes," said the magician, "you better start meeting with that librarian now to record your own life. If you don't get started for another forty years, by then you'll need a whole decade

of talking to get it all down." Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." According to his wristwatch, the time was 9:05 in the morning on this momentous day. Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket. "You're better at concentrative meditation without seed than anyone I've ever known, better than me. That's why you, especially, should never undertake a long session unsupervised," Chicane scolded. "At the very least, the very least, you should use your electronic meditation timer. I don't see it here, do I?" Maria fished another chip from the sweating carafe, rejected it, and scooped out a larger piece. She hesitated, staring at it for a moment, and then spooned it between Agnes's lips. "Water can be broken if it will be first made into ice." Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde. "Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective." Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing. Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day. "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up." Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens. Dr. Daines spoke with Celestina in the corridor, outside the door to 724. Some of the passing nurses were nuns in wimples and full-length habits, drifting like spirits along the hallway. The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons. His severed toe lay across the room, on the white tile floor. It stuck up stiffly, nail gleaming, as if the floor were snow and the toe were the only exposed extremity of a body buried in a drift. "Hasn't the sheriff's department already reached a determination of accidental death?" Parkhurst asked. "They're good men, good cops, every last one of them," said Vanadium, "and if they've got more pity in them than I do, that's a virtue, not a shortcoming. What could Mr. Cain have taken to make himself vomit?" The driver's door opened, shoving aside a damaged tea table, and a man climbed out of the Pontiac. "So I drew attention to myself. Raised suspicions. One night, in St. Louis, this rube recognized me from my performing days, even though I'd changed my looks. It was a high-stakes game, but the players weren't high-class. They ganged up on me, beat me, and then smashed my hands, one finger at a time, with a tire iron." He was, admittedly, surprised that Nurse Bressler was strongly compelled to come on to him even though she had read his patient file and knew that he'd recently been a veritable geyser of noxious spew, that during the violent seizure in the ambulance, he had also lost control of bladder and bowels, and that he might at any moment suffer an explosive relapse. This was a remarkable testament to the animal lust he inspired even without trying, to the powerful male magnetism that was as much a part of him as his thick blond hair. SERAPHIM AETHIONEMA WHITE was nothing whatsoever like her name, except that she had as kind a heart and as good a soul as any among the hosts in Heaven. She did not have wings, as did the angels after which she had been named, and she couldn't sing as sweetly as the seraphim, either, for she had been blessed with a throaty voice and far too much humility to be a performer. Aethionema were delicate flowers, either pale-or rose-pink, and while this girl, just sixteen, was beautiful by any standard, she was not a delicate soul but a strong one, not likely to be shaken apart in even the highest wind. "Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life." He wiped the steering wheel and every surface that he might have touched during the drive from Victoria's to the detective's place, where he'd acquired the gardening gloves that he still wore. He got out of the car and, with the door open, wiped the exterior handle. Although she would have felt ridiculous phrasing this question in these words to any other three-year-old, no better way existed to ask it of her special son: "Kiddo ... do you realize you're speaking of your dad in the present tense?" Junior was glad for the chance to eavesdrop, not only because he hoped to learn the nature and depth of Vanadium's suspicions, but also because he was curious-and concerned-about the cause of the disgusting and embarrassing episode that had landed him here. She appeared to be in her early thirties, perhaps six years older than Junior, but he didn't hold that against her. He wasn't any more prejudiced against older people than he was against people of other races and ethnic origins. Now here was a thing, worse than the thought of a quarter in the closed hand: Neddy's eyes seemed to follow Junior as he rooted among the trash bags. Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly. Fragments of the broken wineglass crunched under his shoes as he crossed the small kitchen to the dinette. He opened the bottle of vodka and put it on the table in front of the dead woman. Junior realized that thick drool oozed out of the right corner of his mouth. Shakily, he raised one hand to wipe his face. "Pie, pie, pie, pie, pie, pie, pie, pie," Barty repeated in the same tone of self-satisfied delight that he used when announcing "Barty potty." Striving to appear casual, but obviously unnerved, the pencil-thin man backed off again. "The paintings are lovely, wonderful, I'm enormously impressed. I'm a friend of the artist's, you know. She was a tenant of mine, I was her landlord during her early college years, in her salad days, a nice little studio apartment, before the baby. A lovely girl, I always knew she'd be a success, it was so apparent in even her earliest work. I just had to come tonight, even though a friend's covering two of my four sets. I couldn't miss this." No matter. He was a future-focused, focused man. The past is for losers. No, wait, humility is for losers. "The past is the teat that feeds those too weak to face the future." Yes, that was the line from Zedd that Junior had stitched on a needlepoint pillow. Hound had taken him, had stood and seen his people beaten senseless, had not stopped the beating. Yet he spoke as a friend. Why? said Otter's look. Hound answered it. Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. She might have attributed his problem to eyestrain from all the reading he'd done during the past few days. She might have put drops in his eyes, told him to leave the books alone for a while, and sent him into the backyard to play. She might have counseled herself not to be one of those alarmist mothers who detected pneumonia in every sniffle, a brain tumor behind every headache. After poring through enough sensational newspaper accounts to be convinced that the curse-casting reverend was undeniably dead, Junior had acquired four pieces of surprising information. Three were of vital importance to him. Of course, he also might have shot off his own thumbs as double insurance against being drafted and sent to Vietnam. For a moment, none of them spoke. The silence was as flawless as the preternatural hush reputed to precede the biggest quakes.
