How ironic it would be if Celestina, the aunt of Seraphim's bastard boy, proved to be the heart mate for whom Junior had been longing through the past few years of unsatisfying relationships and casual sex. This seemed unlikely, considering the jejune quality of her paintings, but perhaps he could help her to grow and to evolve as an artist. He was an open-minded man, without prejudices, so anything could happen after the child was found and killed..Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done..Her case of polio had been so severe that braces and crutches were never an option. Muscle rehabilitation had been ineffective..Two staff members were at the front desk, when last he'd seen them, out of sight now and too far away to hear the crooning. Junior had been waiting at the doors when the library opened, and thus far he'd encountered no other patrons..He would never allow himself to be bankrupted and made poor again. Never. His fortune had been won at enormous risk, with great fortitude and determination. He must defend it at any cost..Maybe he went a little crazy then. He wouldn't deny a brief, transient madness.. "April 23, 1940, Natchez, Mississippi, dance-hall fire-one hundred ninety-eight dead. December 7, 1946, Atlanta, Georgia, the Winecoff Hotel fire-one hundred nineteen dead." MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention..She asked him how many fingers she was holding up, and he said four, and four it was. Then two fingers. Then seven. Her hands so pale, the palms both bruised..Thrusting his finger toward the table with each repetition of the word, Barty happily insisted, "Pie, pie, pie, pie, pie, pie, pie, pie."..In his mind's eye, he saw the answering machine with uncanny clarity. That curious gadget. Sitting atop the scarred pine desk..The symptoms that terrified Phimie--the headache, crippling abdominal pain, dizziness, vision problems--had entirely relented. Possibly they had been more psychological than physical in nature..The lunatic lawman was not at any of the tables. Junior was sure of that, because indulging his appreciation for lovely women, he had roamed the room repeatedly with his gaze..The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day."..He might not have this future-living thing down perfectly, but he was absolutely terrific at anger..Although he related well to the theme of moral relativism and personal autonomy in a value-neutral world, Junior grew apprehensive about each impending scene of violence, and closed his eyes against the prospect of blood. He resented having to endure ninety minutes of the film before Google finally settled into the seat beside him..In her campaign to keep her weight gain to a minimum, anorexia was her ally. She learned to find pleasure in hunger pangs.. "I didn't know her well. She didn't hang out or party much--especially after the baby.".. "Some places, it has to be like that." some places it has to be that your eyes are okay?".. "It's what?" asked the detective, for with the exception of his teeth, he was not a self-improved individual..The nurse led the way, while the orderly pushed the gurney from behind Barty's head..Using the straight edge of a ruler to guide his eye down each column, Junior searched for Bartholomew, ignoring surnames. He had already checked to see if anyone in the county had Bartholomew for a last name; no one in this directory did..Writing came with reading, and in a notebook, he began to make entries about points of interest in the stories that he enjoyed. His *Diary of a Book Reader*, as he titled it, fascinated Agnes, who read it with his permission; these notes to himself were enthusiastic, earnest, and charming--but literally month by month, Agnes noticed that they grew less naive, more

complex, more contemplative..In the first drawer, he discovered an address book. Logically, Vanadium would have taken this with him, even if on the lam from a murder rap, so Junior tucked it in his jacket pocket..The rain-washed street shimmered greasily under the tires, and the intersection lay halfway up a long hill, so gravity was aligned with fate against them. The driver's side of the Pontiac lifted. Beyond the windshield, the main drag of Bright Beach tilted crazily. The passenger's side slammed against the pavement..of the deceased. This memorial was modest, neither large nor complicated in design. Nevertheless, often the carvers in this line of business followed days after the morticians, because the stones to which they applied their craft demanded more labor and less urgency than the cold bodies that rested under them..For two years, since finding the quarter in his cheeseburger, Junior had been searching for a metaphysics that he could embrace, that squared with all the truths that he had learned from Zedd, and that didn't require him to acknowledge any power higher than himself Here it was. Unexpected. Complete. He didn't fully understand the bit about monkeys and barrels, but he got the rest of it, and peace of a sort descended upon him..She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty.".The physician saw the look and understood it. A blush pinked his long, pale face. "Celestina, you're quite beautiful, and I'm sure you've learned to be wary of men, but I swear that my intentions are entirely honorable.".Tom Vanadium liked this man at once. Cop instinct told him that Damascus was honest and reliable. Priestly insight suggested even more impressive qualities..hands as she had seen surgeons do in movies, and she could almost believe that she was still at home, in bed, in the fevered throes of a terrible dream..He didn't bother to press Vanadium's hand around the weapon. There wasn't going to be a wealth of evidence for the Scientific Investigation Division to sift through, anyway, when the fire was finally put out: just enough charred clues to allow them an easy conclusion..The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger..of drool. Her eyes rolled, wild with fear, and seemed not to be focused on anything..Every mother also believes that her baby is smarter than other babies. Sadly, time and the child's choices in life usually require her to adjust her opinion as she never will in the matter of physical beauty..He was a virile young man, desired by many, and life was short. Poor Naomi, her lovely face and her look of shock still fresh in his memory, was a constant reminder of how suddenly the end could come. No one was guaranteed tomorrow. Seize the day..Shopping for fashion accessories relaxed Junior. He spent a few hours browsing for tie chains, silk pocket squares, and unusual belts. Riding the up escalator in a department store, between the second and..Even Rudy, as huge as Big Foot and as amoral as a skink, was afraid of this woman..If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all..Heart racing, but reminding himself that strength and wisdom arose from a calm mind, Junior stood in the center of the small kitchen, slowly turning to study every angle of the room.. "Holding fast to the boy's right foot, Jacob observed that one elevator might descend safely but that if they took two, one or the other was certain to crash to the bottom of the shaft, considering the unreliability of all machinery made by man.. "It's all right," Tom assured her. To Angel, he said, "No, I'm not sad. And you know why?".He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..Clearly, she had learned nothing from her reading. No sincere and thoughtful student of Zedd would be as sorely lacking in self-control as Frieda Bliss..Otter shook his head..He wanted Celestina to sit in her seat and use her lap belt, but she insisted on cuddling next to him, as if she were a high-school girl and he were her teenage beau..This trick, however, was far more difficult than walking where the rain wasn't. Sustaining vision took both a mental and physical toll from him.. "Yeah," he confirmed, applying a blue crayon to a grinning bunny that was dancing with a squirrel..Now the hole was revealed. Damp earthen walls. In the shadow of the casket, the bottom of the grave was dark and hidden from view..Tom received a fierce hug, too, and a sisterly kiss, and he was grateful for them. He had been a loner for too long, as a hunter of men pretty much had to be when on a long hard road of recuperation and then on a mission of vengeance, even if he called it a mission of justice. During the few days he'd spent guarding Celestina and Grace and Angel in the city, and subsequently during the week with Wally, Tom had felt that he was part of a family, even if it was just a family of friends, and he had been surprised to realize how much he needed that feeling..This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks..Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.His dry tongue, his parched mouth, his desiccated throat felt packed full of sand, and his voice lay buried alive down there..Tom didn't attribute supernatural powers to this killer. Enoch Cain was mortal, not all-seeing and all-knowing. Evil and stupidity often go together, however, and arrogance is the offspring of their marriage, as Tom had earlier told Celestina. An arrogant man, not half as smart as he thinks, with no sense of right and wrong, with no capacity for remorse, can sometimes be so breathtakingly reckless that, ironically, his recklessness becomes his greatest strength. Because he is capable of anything, of taking risks that mere madmen wouldn't consider, his adversaries can never predict his actions, and surprise serves him well. If he also possesses animal cunning, a kind of deep intuitional shrewdness, he can react quickly to the negative consequences of his recklessness and can indeed appear to be more than human..The night was holding its breath again, the previous breeze now pent up in the breast of darkness..Either Obadiah intuited Agnes's fear or he was motivated by her kindness to reveal his method, after all. "I'm embarrassed to say what you saw wasn't real magician's work. Crude deception. I chose the ace of diamonds exactly because it represents wealth in fortune-telling, so it's a positive card that people respond well to. The ace with your boy's name was prepared beforehand, inserted face up toward the bottom of the deck, so a middle cut wouldn't reveal it.. "Thirsty," Agnes rasped. Her voice was Sahara sand abrading anient stone, the dry whisper of a pharaoh's mummy talking to itself in a vaulted sealed for three thousand years..Animal instinct told Junior that the business with the quarter in the diner and now these quarters in his living room were related to his failure to find Bartholomew, Seraphim White's bastard child. He couldn't logically

explain the connection; but as Zedd teaches, animal instinct is the only unalloyed truth we will ever know..The currents of irrational fear, which bring periodic turbulence to virtually every childhood, didn't disturb the smoothly flowing river of Barty's first three years. He showed no fear of the doctor or the dentist,.Smiling in the fearless dark, she listened to the rhythmic breathing of a sleeping boy.. "No. But I'm sure as can be, the kid is better off undiscovered by the likes of him.".64 just a little bit ago," the girl said. "I was sitting on the porch, having a Popsicle, and I just figured it out..". "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself..". Like a spring-loaded novelty snake erupting from a can, Junior exploded up from the chair, nearly knocking it over..They laughed and held hands. For the first time since Phimie's panicked phone call from Oregon, Celestina felt that everything would eventually be all right again.
